

GO ON, BE BRAVE

Fiona Ellis and Scott Hendrie, designer and artist, are the two creatives behind Brave Boutique. Working together for the last 3 years, the concept for Brave Boutique grew organically from an inherent desire to make beautiful and unique pieces of art and furnishings for the home.

"Always in fashion from spotting supermodels to giving interiors the dramatic edge, this British designer has the eye" Belle Magazine

Looking at Fiona's CV, her rock'n'roll aesthetic is no surprise. In her previous incarnation, she was one of the most respected names in the modelling industry. Famed for discovering international supermodels such as Erin O Connor, Karen Elson and Alek Wek. Harpers Bazaar' described Ellis as a 'Bonafide expert on beauty' and now Ellis has turned her passion for beauty in the direction of design & interiors.

Alongside Fiona is Brave Boutique's artist & designer, Scott Hendrie. He is an accomplished and passionate artist, and a much-travelled observer of people, animals, cultures and the vagaries of life, his journeys greatly influencing his imaginative and experimental designs.

Brave Boutique is an expression of the couple's love of natural form, colour & texture. The Brave Collection is a fusion of classic design with a bold contemporary twist - the pair are dedicated to using British artisans and craftsmanship to create pieces of the highest quality.

Fiona offers a bespoke intimate consultation at her home and showroom in Berkshire, where she will guide you through her handpicked collection of luxury fabrics and wallpapers from the industries finest.
